PERSONAL PROJECTS

Blender - IIT BombayX

- This is my first step to start learning about the 3D modeling. This course was organized by IITBombayX. Here is the link to view my work, https://kabil.carbonmade.com/projects/6978486

Blender - Udemy

- Further to enhance my skills, I took up an online blender course from Udemy. Here is the link to view my models that I have created during the course period, https://kabil.carbonmade.com/projects/6978509

Practised Models

- Practice makes us to learn more, so I have modeled a house, cycle and a medieval house. Kindly look into the link to view the models, https://kabil.carbonmade.com/

A SMART WATCH FOR WOMEN SECURITY (2016 – 2017)

- It is to enhance the safety of women. It consistently senses the heartbeat of the woman and functions as per programmed.

ACHIEVEMENTS

Run - Run (2016 – 2017)

I have modified a couple of games that are available in the Untiy Assest Store and I presented the game on my College Symposium.

Blender - IIT BombayX (2016 – 2017)

I have completed 8 weeks Blender Course which was Organized by IIT BombayX

Complete Blender Creator: Learn 3D Modelling for Beginners (2018 – 2019)

I have completed this online course which is available on Udemy and it was taught by Michael Bridges and Ben Tristem.
